

Holmbury Group
Proposition 65
December 29, 2023

To Whom It May Concern:

Proposition-65, officially known as the [Safe Drinking Water and Toxic Enforcement Act of 1986](#), was enacted in the state of California as a ballot initiative in November 1986. The proposition protects the state's drinking water sources from being contaminated with chemicals known to cause cancer, birth defects or other reproductive harm, and requires businesses to inform Californians about exposures to such chemicals.

Proposition-65 requires the state to maintain and update a list of chemicals known to the state to cause cancer or reproductive toxicity.

Holmbury, Inc. is in compliance and up to date to the newest Proposition-65 list which can be found at the following link: [The Proposition 65 List - OEHHA \(ca.gov\)](#)

After investigation, Holmbury has discovered that Holmbury product may contain traces of lead and/or nickel which are listed on the Proposition-65 List:

Lead: [Lead and Lead Compounds - OEHHA \(ca.gov\)](#)

Nickel: [Nickel and Nickel Compounds - OEHHA \(ca.gov\)](#)

Holmbury, Inc. has issued a policy and has elected to label all packaging of all products with the Proposition 65 warning label to ensure compliance with the California law as shown below:

This product can expose you to chemicals including lead and/or nickel which are known to the state of California to cause cancer and birth defects or other reproductive harm. For more information go to: www.P65Warnings.ca.gov

Additional information on Proposition-65 can be found on the OEHHA website at www.P65Warnings.ca.gov

If there are any questions pertaining to Holmbury, Inc.'s compliance to Proposition-65, do not hesitate to contact the office.
